

# SWAYAM Massive Open Online Courses (MOOCs)

CEC MOOCs (Massive Open Online Courses), offered on Government of India's SWAYAM platform, is a mode of learning where student can virtually attend digital higher education courses, which are developed and taught by eminent subject experts. Through SWAYAM, students can access quality enriched educational resources, participate in discussion forums, and earn academic grades by taking tests.

CEC MOOCs are based on UGC Model Curriculum and CBCS. Each CEC MOOC spans duration of 8-12 weeks approx. engaging students through video lectures, reading material, assessment components, discussion forums, e-mails & video conferencing. CEC MOOCs enrich the learning experience by using audio-video and multi-media, peer learning and state of the art pedagogy / technology. These structured and credit bearing courses for higher education are available "online" for anyone, anytime and anywhere.

# National Digital Library of India (NDLI)

National Digital Library of India (NDLI) is a virtual repository of learning resources which is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold content of any language and provides interface support for 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.
